

ST. GILES
S C H O O L

Carpool safety rules:

- Always walk in the crosswalks (parents too) – please do NOT cross in the middle of the street through the carpool lane
- As the cars exit in front of you, please keep pulling your car **all the way forward** so cars can move in behind you
- Kids on bikes should be wearing helmets and never ride in the street near the school
- No dogs are allowed on school campus
- Always stay in your car. You may park in a legal spot and walk to your child's door. Patrol kids will walk the younger kids to their cars and close their doors. Do not leave your car parked in the carpool lane.
- Please do not block other grades' carpool lanes - there needs to be space for cars to exit safely
- Please do not use cellphones while in carpool lanes (texting or talking)
- Children are never allowed in the street, including loading backpacks in trunks
- Children should be entering & exiting the car through the door on the sidewalk side, not the street side
- Kids will help load your kids into your car so please stay in your car – just tell them the kids' names
- If someone other than parents are picking up students, please make sure they have the traffic map so they know where / how to drive in the carpool lanes
