School Mission Statement

St. Giles School exists to foster the spiritual, intellectual, emotional, social, and physical growth of our elementary school children. As a Catholic institution sponsored by St. Giles Parish, we participate in the Church's mission of education and evangelization by proclaiming and living the Good News of Jesus Christ with our students and families. We are committed to a quality education that prepares our students to be people of faith, lifelong learners and to serve the broader community.

School Philosophy

As an institution encompassing Scripture-based Catholic tradition, St. Giles School exists to foster the total growth of our elementary school children. We recognize parents as the primary educators of their children and appreciate their continual support and cooperation in fostering their children's faith and insuring their continued academic growth.

We believe that students need to participate in an orderly, creative learning process amidst diversified teaching styles, nurturing the uniqueness of each child. St. Giles offers its students a school community in which the individual's gifts and limitations may be recognized and appreciated. Working individually and in community with others the students develop a sense of personal responsibility toward school, parish and the broader community.

St. Giles School Creed

Lord, We believe in you. We believe in your good news, in what you have done for us, and in what you have revealed to us. We want to recognize your love and respond to it. We must meet you on our way. We must know you through our daily school experiences. The way we answer your love must make the difference in the building of the Kingdom.

We believe that for each of us to become all that we can be, we must first believe in ourselves. We strive to be creative and critical thinkers who are capable of sound decision making and responsible action. While we learn from each other, mutual trust and respect can be ours. We believe in learning by doing. With constancy we assess the change we hope for in ourselves, our plans and our actions.

Thus, we believe this good news to be an inspiring force – a moving force to deepen our union with you as we become a community of faith, bound together with a shared vision.

Lord, it is good for us to be here.

the St. Giles School Handbook as well as all rules specific to St. Giles School, the Athletic program and the team or activity participated in. Duties and Responsibilities of the Parents/Guardians

Parental support is valued and encouraged. Parents/guardians play an important role in the success of the student athlete. Parents/guardians and spectators must conduct themselves in an appropriate manner and act as positive role models for all participants. The essential elements of character building and ethics in sports are embodied in the concept of sportsmanship and six core principals: trustworthiness, respect, responsibility, fairness,

caring, and good citizenship. The highest potential of sports is achieved when parents reflect these 'six pillars of character.'

Therefore, it is critical for parents/guardians to display the following behaviors:

- »»Trust in their child's ability to have fun as well as to perform and achieve excellence on their own
- »»Help their child to learn the right lessons from winning and losing and from individual accomplishments and mistakes
- »»Respect their child's coaches, teammates and fellow parents as well as the players, parents, and coaches from opposing teams
- »»Give only encouragement and applaud positive accomplishments, whether for their child, his/her teammates, their opponents or the officials
- »»Show respect towards all officials and their decisions
- »»Never coach their child or other players during games and practices, unless they are one of the official coaches of the team
-

In addition, Parents/Guardians should abide by the following:

- To read, understand, and follow the rules and policies outlined in the St. Giles Athletic Handbook and submit signed copy of "Parent Contract" and "Release Form" included in this handbook by the specified date

- To be responsible for other children that may accompany you to your child's game

- To realize that inappropriate fan behavior will not be tolerated and may result in expulsion from a game/gym
- To make no attempt to instruct or direct the play of your child, another athlete or the team and to not criticize the playing efforts of your child, another athlete or the team from the time of arrival until the players are dismissed by the coach

ADDITIONAL ATHLETIC PROGRAM RULES AND PROCEDURES

Absences

Attendance at practice is mandatory for participation in games. Failure to attend practice regularly can and will result in reduced playing time or suspension from the team

Academics

All students participating in the interscholastic athletic program are expected to keep up with all school assignments and must maintain progress and effort in all of their academic classes. It is the students and parents responsibility to be aware of the academic requirements as set out in the School Handbook on pages 28 and 29.

In consultation with the teachers and the Principal, the student's parent(s)/guardian(s) have the final decision to include or dismiss a student from participating in the interscholastic athletic program. The respective coach will then work together with the student's parent(s)/guardian(s) on the decision made.

Behavior

A student is not allowed to participate in a game or practice the day he/she receives a behavior suspension. The Principal will notify the Athletic Director of a behavior suspension, who will in turn notify the necessary athletic staff.

Within the Athletic Program, inappropriate behavior by a student athlete will initially be addressed by the coach/staff supervisor. If the behavior persists, a remediation plan will be developed in consultation with the Athletic Director. If the behavior is still not corrected, the Principal may become involved. If the inappropriate behavior isn't ultimately eliminated, the participant will be dismissed from the team. Please be aware that problems/issues/concerns should be dealt with directly using the protocol outlined in this Handbook on page 13.

Communication

The St. Giles School website will be used to facilitate communication between the Athletic Program and its student participants. The website will include the Athletic Department webpage and will contain the following:

- St Giles School Handbook for Interscholastic Athletic Programs (Athletic Handbook), most current version
- Handbook for Athletics in the Catholic Elementary Schools 2011
- Registration Forms
- Initial Master Schedule for the current sport in season*
- Directions for away games/practices

However, throughout each season there will be numerous schedule changes, most of which are beyond the control of the St. Giles Athletic Program. These changes, in the

interest of time, must be communicated using the St Giles School website calendar and may also be communicated to each athlete through announcements at school, handouts, a phone tree, via text message or email to the parents..

Per Archdiocesan rules and St. Giles School rules, coaches shall never communicate with any student via text message. Coaches may communicate with students in grades 6-8 via email only if the parent is copied on the email. Coaches shall not communicate directly with students in grades pre 4 through 5th grade and may only communicate with the parents. Communications between parents and coaches should be in accordance with the St Giles School Faculty/Parent Communication procedure set forth in the St. Giles School Handbook, in effect at the time.

Facilities

The following guidelines are to be followed by all athletes who use the gym:

1. Only gym shoes are to be worn on the gym floor during play
2. No food, gum, or candy are allowed on the gym floor
3. No playing in or around the bathroom facilities
4. No athlete is allowed in the gym without his/her coach present

Fees

The St Giles Athletic Program is self-sufficient; fees are set to cover all operation costs, employee compensation and to allow as many students as possible to participate. If the required fee poses an undue hardship, please see the Athletic Director.

Dates and deadlines for registration and participation fees for each St. Giles sport, developmental camp, or other interscholastic offering will be distributed prior to their start through program-specific information sheets. All fees are non-refundable and should be paid by check or money order payable to: *St Giles Athletic Program*.

It is the expectation of St. Giles School that a student/family should be current in payment of all school fees and tuition. Nonpayment of tuition and/fees may result in exclusion from participation.

Please note that for some interscholastic games/matches, an admission fee may be charged. (Generally...Adults: \$1, students: \$0.50). The exact fees may vary depending on the policy of the "away" location.

Playing Time Guidelines

Each coach will guide his/her student athletes to focus on and strive to reach both individual and team goals. In practices, this will translate into knowledge of a sport's rules and strategies, as well as the development of individual and team skills. In games, this will translate into demonstration of rules knowledge and skills development, while also demonstrating strategic execution. If team goals are achieved, more often than not, positive reinforcement and winning will result.

Each coach will balance student athlete game participation to produce the best chance to demonstrate a skill set, reach individual and team goals, and ultimately achieve success. *Therefore, each student athlete in good standing, on the basis of attendance, behavior,*

compliance with directives, effort, execution and focus can expect meaningful opportunities to participate in each game. However, missing practice or excessive absences can result in reduced playing time and even suspension from the team. Playing time may also be reduced as a result of disciplinary action.

5th Grade

This is entry level where the primary focus is introduction to the sport and developing the fundamental skills of each athlete. Playing time should be meaningful in all games for all athletes based on work ethic, attendance, performance and game situations. The team's coach should be contacted for further specifics on an individual's playing time.

6th Grade

This level is developmental with continued focus on finding substantial roles for each athlete. Playing time in each game will be based on work ethic, attendance, performance and game situations. The team's coach should be contacted for further specifics on an individual's playing time.

7th Grade

This level introduces each athlete to varsity level competition and continues to reflect a developmental posture. Coaches will commit to ensuring participation for each athlete in every game based on work ethic, attendance, performance and game situations. The team's coach should be contacted for further specifics on an individual's playing time.

8th Grade

This level continues to develop athletes to compete at the varsity level and prepares them for higher level competition. Coaches will commit to ensuring participation for each athlete in every game based on work ethic, attendance, performance and game situations. The team's coach should be contacted for further specifics on an individual's playing time.

Division of a Team into Squads

Since all eligible students are allowed to join their grade's athletic team, a large roster may warrant the necessity for the coach and Athletic Director to divide the team into squads to guarantee meaningful opportunities for participation.

However, by its nature, squading results in participants losing up to a quarter of the games he/she would have played had the team not been so large. Therefore, additional opportunities might be added (an additional league/tournaments) so that the total number of games played are commensurate with the sport and grade level. The coach must ensure that all squads receive comparable playing time in relation to the individual members as well as the other squads on their same level. ***Those who are not squaded for a particular game are not required to attend that game.***

Protocol for Addressing Problems/Issues/Concerns

In the event issues arise regarding the St. Giles Athletic Program, the following process should be followed:

- If the issue falls under the auspices of a coach and/or staff member, the issue should be discussed first with that individual in respectful dialogue at an appropriate time.
- If the issue cannot be resolved, it should then be brought to the Athletic Director.
- All other issues/concerns related to the Athletic Program should be directed to the Athletic Director .
- If after respectful dialogue, resolution of and/or explanation of the issue is not satisfactorily achieved, the issue should be referred to the Principal in written form.

Sportsmanship

The St. Giles athletic community, including all coaches, athletic staff, student participants, parents and spectators, will demonstrate a working knowledge of the behavioral guidelines and values specified in the St. Giles School Handbook, which promotes the highest standards of integrity, civility and respect.

Team Roster Issues

For interscholastic games, by league rules, a student may only be rostered on one team. On rare occasions, a student may be asked on a day to additionally participate at a higher grade level to provide enough students to play a game, usually to offset sickness, team travel issues or scheduling conflicts. A student's daily game play (i.e. the number of quarters/matches played per day) may be regulated by league rules as well. For example, in the Classic League, a student may play a maximum of six quarters of basketball per day. For this rule, a "quarter" is defined as an appearance of any duration within a given quarter of a game.

Time Commitment

All teams will meet on average 4 times per week (excluding Spring Soccer 1-2/week). No meeting throughout any season will exceed 2 hours. A meeting is defined as any time the team gathers whether it be a game or a practice.

There will be times when a team will meet more than four times due to circumstances beyond the control of the Athletic Program i.e. gym availability, field availability, weather conditions, school conflicts, league requirements, overlapping sports, etc.

Tournament recommendations, not including end of the season league tournaments should be: Grade 5: 1, Grade 6: 1–2, Grade 7: 2-3, and Grade 8: 3–4. *Recommendations may be subject to change based on annual tournament availability, team roster size, schedule conflicts, etc.

The number and length of practices, games, tournaments and leagues shall not exceed the maximum set forth in the Archdiocese Athletic Handbook.

ALL FAMILIES ARE ENCOURAGED TO REVIEW THEIR PERSONAL SCHEDULES AND PRIORITIES AND CONTACT THE ATHLETIC DIRECTOR WITH SCHEDULING QUESTIONS PRIOR TO COMMITTING TO AN ATHLETIC TEAM.
