Week of 8/29-9/2

Math and Reading Homework Choice Board

Directions: Make TWO Four-in-a-Rows by completing four activities left to right, top to bottom, or diagonally. You will have to do it twice to get two four in a rows! For each box you complete, have your parent sign and date it. All homework choice boards are due on Friday.

Read a book with chapters	Play "Double Double" (directions on back)	Read with a flashlight	Practice your math facts by using flash cards
Practice your math facts in the car	Log on to moby.com for 10 minutes	Read in the bathtub (no water!)	Read a picture book
Read in bed	Play a reading game like Scrabble, Boggle, or a crossword puzzle	Play "Plus 1 and 2" (directions on back)	Make a fact family butterfly (example on back)
Play "Minus 1 and 2" (directions on back)	Read to a stuffed animal	Complete the activity at tinyurl.com/2mathgame1	Read under a piece of furniture

Math Game Directions

Plus 1 and 2

Use your number cards to practice plus one and two facts. Place the cards in a stack. Turn over the top card and quickly tell the plus one fact. For example, if you turn over a 5, say " $5 + 1 = 6$." Repeat for all the cards. Play again and tell the plus 2 facts. Label a T-chart with Plus 1 and Plus 2. Record 10 equations for each.

Minus 1 and 2

Use your number cards to practice minus one and two facts. Place the cards in a stack. Turn over the top card and quickly tell the minus one fact. For example, if you turn over a 5, say " $5 - 1 = 4$." Repeat for all the cards. Play again and tell the minus 2 facts. Label a T-chart with Minus 1 and Minus 2. Record 10 equations for each.

Double Double

Use your number cards to practice doubles facts. Place the cards in a stack. Turn over the top card and quickly tell the doubles fact. For example, if you turn over a 3, say " $3 + 3 = 6$." Then record the doubles equation. Repeat for all the cards. Record at least 10 equations.

Fact Family Butterfly

Choose three numbers that make a fact family, and use the example below to make a butterfly with a fact in each part of the wing. The original three numbers should be written on the body of the butterfly.
