Week of 10/11-14

Math and Reading Homework Choice Board

Directions: Make TWO Four-in-a-Rows by completing four activities left to right, top to bottom, or diagonally. You will have to do it twice to get two four in a rows! For each box you complete, have your parent sign and date it. All homework choice boards are due on Friday.

Read a book about animals	Play "Double Double" (directions on back)	Read a story just by explaining the pictures	Practice your math facts with a sibling
Log onto mobymax.com for 10 minutes- school code is il1105	Practice your math facts while holding your nose	Read in a comfy chair	Read a chapter book
Read outside	Play a reading game like Scrabble, Boggle, or a crossword puzzle	Watch tinyurl.com/waystoadd . Then, teach the concept to someone else	Practice your math facts in the dining room
No School on Monday!	Read to a family member	Play "Minus 1 and 2" (directions on back)	Read a book you've never read before

Math Game Directions

Minus 1 and 2

Use your number cards to practice minus one and two facts. Place the cards in a stack. Turn over the top card and quickly tell the minus one fact. For example, if you turn over a 5, say " $5 - 1 = 4$." Repeat for all the cards. Play again and tell the minus 2 facts. Label a T-chart with Minus 1 and Minus 2. Record 10 equations for each.

Double Double

Use your number cards to practice doubles facts. Place the cards in a stack. Turn over the top card and quickly tell the doubles fact. For example, if you turn over a 3, say " $3 + 3 = 6$." Then record the doubles equation. Repeat for all the cards. Record at least 10 equations.
