

Dear Parents,

The 100th day of school is fast approaching and it will be here on February 1st. (We will celebrate the week of February 4th). We have several activities planned for this week at school. We do ask that your child create something at home using 100 items. They can create a poster, necklace, basket of Popsicle sticks, a book, etc... Please let your child's imagination run wild with this project and have fun with it!! The project can be big or small, as long as it was made with 100 items!! Student's will share their project and how they made it with the class (it is a fun activity to do with the whole family). Student's love to share these projects with their classmates. You may send the project in as soon as it is finished, as long as it is in by Thursday February 7th!! We all are looking forward to a fun and educational day to celebrate our 100 days of school!!

Due Date: Thursday February 7th

Requirements: Student will create something that is made up of 100 items---this can be anything they want as long as there used 100 things to create it!!

If you have any questions or concerns, please ask!! You can email or send me a remind message!!

Happy 100th Day!!
Mrs. Spencer
